GUIDELINES ON PROTECTION FROM SEXUAL EXPLOITATION AND ABUSE (PSEA)

1.1. INTRODUCTION

Universiti Putra Malaysia (UPM) places human dignity at the centre of its teaching, research, professional and community outreach activities. At the heart of UPM's efforts to impact integrity in its core businesses is its engagement with communities at large including marginalised communities, vulnerable adults, and children. Working with various groups of people may expose those with vulnerability to sexual exploitation and abuse. These issues must not be tolerated since they violate universally recognised international norms and standards and have always been unacceptable behaviour.

These guidelines correspond to the policy On Zero Tolerance Towards Sexual Harassment (minutes of meeting LPU 146/07 dated 13 October 2020) in Universiti Putra Malaysia. The guidelines define UPM's commitment to the protection from sexual exploitation and abuse (PSEA) of vulnerable adults and children involving UPM's Stakeholders. UPM has zero-tolerance towards sexual exploitation and abuse. UPM takes seriously all concerns and complaints about sexual exploitation and abuse involving UPM's Stakeholders. UPM initiates a rigorous investigation of complaints that indicate a possible violation of this policy and takes appropriate disciplinary action, as warranted.

Note:

The term 'sexual exploitation and abuse (SEA)' is used interchangeably depending on the sentence structure.

1.3. SCOPE OF APPLICATION

These guidelines apply to all UPM's Stakeholders. The use of the term 'protection from sexual exploitation and abuse' (PSEA) throughout these guidelines refers to the vulnerable adults as well as children.

All transactions/ interactions/ agreements made between and within the stakeholders are therefore deemed to uphold the respective University's Constitution, Guidelines, Code of Conduct and Regulations.

To emphasise UPM's commitment in ensuring an environment free from SEA, a statement on PSEA will be made available to all stakeholders through our online and offline communication.

1.4. GUIDELINES STATEMENT

- (i) We are fully committed to safeguarding vulnerable adults and children from all forms of sexual exploitation and abuse.
- (ii) We take very seriously our responsibility and duty to ensure that we, as an organisation, and anyone who represents us does not in any way harm, abuse or commit any other act of exploitation, or abuse against anyone or place them at risk of the same.
- (iii) We promote safe practices, approaches, interventions, and environments that respects, recognises and responds to the specific safeguarding needs and addresses the protection risks of the different gender and other identities.
- (iv) We will not tolerate inequality, discrimination, or exclusion when dealing with SEA related cases.
- (v) We respond to persons who may require protection and or psycho-social support and intend that their welfare and best interests will always be the paramount consideration.
- (vi) We ensure all who work with and engage with us understand and are supported in their meeting safeguarding roles and responsibilities.
- (vii) We take positive action in supporting survivors, improving safeguarding capacity, reporting, investigating, preventing anyone who might be a risk to others from becoming involved with us and taking stringent measures against any UPM's Stakeholders who perpetrates an act of violence against others.

Note: These guidelines are named in line with the internationally used and recognised Protection from Sexual Exploitation and Abuse termed as 'PSEA'. These guidelines form part of the UPM's Stakeholders terms and conditions of engagement and may be subject to change at the discretion of UPM.

1.5. UPM CORE PRINCIPLES AND STATEMENT OF COMMITMENT FORM THE BASIS OF THESE GUIDELINES.

1.5.1 Core Principles

To protect the vulnerable adults and children, and to ensure the integrity of UPM core activities, the following 6 Core Principles must be adhered to:

- (i) Sexual exploitation and abuse by UPM's Stakeholders constitute acts of gross misconduct and are therefore grounds for termination of the engagement.
- (ii) Sexual activity with children (persons under the age of 18) is prohibited regardless of the age of the majority or age of consent locally. Mistaken belief in the age of the child is not a defence.
- (iii) Exchange of money, employment, goods, or services for sex, including sexual favours or other forms of humiliating, degrading or exploitative behaviour by UPM's Stakeholders is prohibited.
- (iv) Sexual relationships between UPM's Stakeholders and UPM's clients that involves improper use of rank or position are prohibited since they are based on inherently unequal power dynamics. Such relationships undermine the credibility and integrity of UPM's core businesses.
- (v) Where the UPM's Stakeholder develops concerns or suspicions regarding sexual abuse or exploitation by a fellow internal stakeholder, he/she must immediately report such concerns via the established reporting mechanisms.
- (vi) UPM's Stakeholders are obliged to create and maintain an environment that prevents sexual abuse or exploitation and promotes the implementation of these Guidelines. UPM administrators at all levels have responsibilities to support and develop systems, which maintain this environment.

1.5.2 UPM's Commitment

UPM is dedicated to fulfilling the following commitments to prevent and respond to sexual exploitation and abuse as highlighted in the six Core Principles above.

(i) Safe Organisational Culture:

UPM will make every effort to create and maintain a safe organisational culture for all those who work for and with UPM, as well as those in the communities where UPM operates through robust prevention and response work, offering support to survivors, and holding those responsible for sexual exploitation or abuse to account.

(ii) Reporting SEA:

- (a) Ensure that we have multiple channels for UPM's Stakeholders and others to safely report sexual exploitation and abuse. These channels should be designed in consultation with local communities and staff to ensure that they are safe and accessible.
- (b) Ensure that everyone who works on behalf of UPM and those we serve have information about how to access these safe reporting channels.
- (c) Provide training and information to all UPM's Stakeholders, particularly focal points for receiving complaints, to ensure they understand their obligations and how to discharge their duties should they receive a complaint. A particular emphasis should be made on confidentiality.

(iii) Responding to SEA Reports:

UPM will respond in a professional and timely manner to all concerns or allegations of sexual exploitation or abuse. All concerns or allegations will always be taken seriously, and investigated and acted upon where appropriate, in line with our safeguarding principles listed below.

- (a) **Robust and accountable case management:** All allegations of SEA, and subsequent follow-up, will be documented in a secure and confidential database to ensure accountability.
 - (b) **Investigations:** UPM will carry out independent, safe, and discreet investigations, through trained investigators working with the PSEA focal points, recognising the rights of and duty of care to everyone involved, including the complainant and/or survivor, witnesses, and the subject of the complaint (SoC).
 - (c) **Accountable decision-making:** UPM will take swift and appropriate action against UPM's Stakeholders who are found to have committed SEA. This may include administrative or disciplinary action, and/or referral to the relevant local authorities if appropriate and safe to do so. An independent and gender representative conference/decision-making panel will be assigned in every investigation to ensure impartiality, transparency, and accountability.
- (iv) **Survivor Support:** Survivors of SEA are entitled to specialised support services. UPM commits to refer survivors to competent support services as appropriate and available and according to the wants and the needs of the survivor. Support may include psychosocial support such as counselling and medical assistance. Assistance will be made available regardless of whether a formal internal response is carried out (such as an internal investigation).
- (v) **Embedding PSEA into UPM Work**

- (a) **Safer Recruitment:** In compliance with applicable laws, UPM is committed to preventing perpetrators of SEA from being (re)hired or (re)deployed. UPM will ensure robust recruitment screening processes for all personnel, including UPM's Stakeholders. As part of this, all application forms, interviews, and references must address safeguarding and equality requirements and attitudes.

(b) Collaboration/Partnership Agreements: UPM will ensure that, when engaging in collaborations/partnerships, sub-grant or sub-recipient agreements or other forms of formalised engagement, these agreements include clauses on PSEA (Appendix 1.1: Klausula PSEA dalam kontrak)

(c) Training and Awareness: UPM's Stakeholders must receive as part of their induction training/orientation/briefing on PSEA and Safeguarding when they join UPM, including a briefing on UPM's policies and values, the Code of Conduct, information about how to report concerns, and advice about where to seek further information about safeguarding and safer practices across the organisation. Anyone working directly with beneficiaries on behalf of UPM must receive information on PSEA through an awareness / refresher campaign.

(d) Beneficiary Accountability: UPM commits to promoting accountability towards our beneficiaries and the communities where we work by:

- being transparent about UPM's programme, activities, and services provided to the beneficiaries; and
- raising awareness about UPM's PSEA.

(e) Safe Programming: UPM's Stakeholder are required to take measures to avoid causing inadvertent harm to civilians, contribute to reducing existing threats related to PSEA. This includes embedding good practice and SEA prevention measures including assessment, complaints, and feedback mechanisms, and monitoring and evaluation throughout the business operation.

1.6. ROLES AND RESPONSIBILITIES

All UPM's Stakeholders: Everyone who works on behalf of UPM share an obligation to prevent and respond to PSEA. It is the responsibility of all UPM's Stakeholders to uphold the Core Principles and Commitments of these guidelines as embedded under this Universiti Putra Malaysia Policy (Zero Tolerance Towards Sexual Harassment).

1.6.1 Director and Trustees: UPM Board of Directors hold overall accountability for these guidelines and their implementation.

1.6.2 Top Management University, Management Committee: Must ensure that all UPM's Stakeholders understand and comply with these guidelines:

- (i) Vice Chancellor

Responsible to implement and manage the guidelines and ensure compliance among the university's top management.

- (ii) Registrar

Responsible to provide support to prevent and respond to SEA alongside their substantive roles. Raising awareness and promoting best practices by receiving concerns, supporting survivors and reporting concerns in a confidential manner.

Responsible for robust recruitment, induction training, and performance management to prevent SEA. The registrar is also responsible for promoting awareness of these guidelines and for supporting/developing systems that create and maintain a safe working environment. This also includes the responsibility for ensuring that all UPM's Stakeholders receive regular PSEA training, with a particular emphasis on staff who are in direct contact with the people they serve.

- (iii) Deputy Vice Chancellor (Student and Alumni Affairs)

This office is responsible to implement and manage the guidelines and ensure compliance among all its stakeholders.

Responsible to provide support to prevent and respond to SEA alongside their substantive roles. Raising awareness and promoting best practices by receiving concerns, supporting survivors, and reporting concerns in a confidential manner.

- (iv) Anti-Corruption and Integrity Committee (JARI):

This committee is responsible to monitor and evaluate the process outcome of the guidelines.

- (v) **Responsibility Centres:** Heads of Responsibility Centres are responsible to implement and manage the guidelines and ensure compliance among all its stakeholders.

1.7. RAISING A COMPLAINT OR CONCERN

UPM's stakeholders have a responsibility to report any suspicion or concern of SEA. Any individual can raise a concern/complaint to UPM about an incident they have experienced, witnessed, or heard about concerning a UPM's Stakeholder without fear of retribution. UPM's Stakeholders must not investigate allegations or suspicions themselves.

UPM maintains a zero-tolerance Policy for retaliation against anyone for reporting sexual exploitation or abuse, assisting in making a complaint, or participating in an investigation. Anyone who makes a good-faith complaint of sexual exploitation or abuse, assists, testifies, or participates in any investigation or proceeding or who reasonably opposes such conduct in the workplace will not be adversely affected in the terms and conditions of his or her employment and will not be discriminated against or discharged for engaging in such activity. Complaints of retaliation will be promptly investigated. If retaliation is substantiated, appropriate disciplinary action, including possible dismissal, will be taken.

1.8. ASSOCIATED POLICIES

These guidelines are complementary to the set of standards of behaviour that all UPM's Stakeholders are required to adhere to in the UPM Code of Conduct and any further codes or related policies defined by UPM.

2. ORGANIZATIONAL MANAGEMENT AND HUMAN RESOURCE SYSTEMS

INTRODUCTION

Managers and Human Resource teams will ensure a robust recruitment screening process for all personnel, including employees, volunteers, consultants, and other representatives. Therefore, the UPM's management and HR systems are accountable to zero tolerance towards SEA by the following tasks.

2.1 MANAGEMENT AND HUMAN RESOURCE SYSTEMS

(i) Job Announcement and Application Stage

- UPM's HR hiring process shall include applicant's declaration to be free from any legal misconduct and termination of past employment, and consent to the disclosure of any misconduct or termination information by their former employers before they can apply for position in UPM. Additional clauses may be applied for roles that require direct interaction with vulnerable groups to protect risks (OKU status) (*Appendix 2.1: Borang Permohonan Jawatan*)

(ii) Interview Stage

- Include SEA as one of the elements to be assessed under 'Integrity' on assessment (*Appendix 2.2: Borang Penilaian Temuduga*)

(iii) Reference Checks

- Verify references and vet for previous misconduct (e-Vetting) in accordance with local laws regarding employment, privacy, and data protection. Consider verbal/oral reference checks for positions to complement written references:
 - How do you know the candidate?
 - Do you have any suspicions that the candidate violated your organisation's Code of Conduct, including sexual exploitation and abuse in workplace?
- The job offer will be considered as void if there is any affirmation to previous misconduct or fail to consent to the disclosure of any misconduct, or if former misconduct is discovered during the vetting process.

(iv) Induction Process

- All newly appointed staff will be required to sign an oath taking form (*Appendix 2.3: Public Service Oath Taking Form*) when joining UPM. The form declares obligation to follow all related acts under Akta Badan-Badan Berkanun (Tatatertib dan Surcraj) 2000 (Akta 605), and UPM policies.
- All newly appointed volunteers and associated personnel will be required to sign a Surat Persetujuan Penerimaan Lantikan (*Appendix 2.4: Surat Persetujuan Penerimaan Lantikan*) when joining UPM.

(v) Performance Management

- Supervision and performance appraisals include adherence to code of conduct and participation in training (or similar) that include PSEA.
- In cases of confirmed inappropriate behaviour, take robust disciplinary action (e.g., dismissal, suspension, written censure or other administrative/corrective measures) and, where this involves possible criminal conduct, report the incident to law enforcement authorities.
- Maintain a database of disciplinary measures on staff, including dismissals, to avoid rehiring them at a later point in time.

2.2 COLLABORATOR / COOPERATION / SERVICES AGREEMENT

UPM will ensure that when engaging in collaboration, cooperation or services, sub-grant, or subrecipient agreement, the agreement incorporates PSEA.

- (i) Guidelines on zero tolerance towards SEA will be made visible to collaborator / supplier via centre of responsibilities' office and the university website. It is the responsibilities of stakeholders to respond to PSEA; accordingly, failing which the contract/agreement may be terminated.
- (ii) PSEA measures, and SEA cases, in collaborator, supplier and contractor organisations are monitored.

3. PROTECTION OF SEXUAL EXPLOITATION & ABUSE (PSEA) AWARENESS, PREVENTION AND RESPONSE TRAINING

INTRODUCTION

Registrar office is responsible to create awareness, prevention and response toward sexual exploitation and abuse among the internal stakeholders of University Putra Malaysia (UPM). Specifically, this training aims at:

- Defining sexual exploitation and abuse.
- Identifying the types of exploitation and abuse.
- Identifying what constitutes sexual exploitation and abuse.
- Identifying the implication of sexual exploitation and abuse.
- Recognising guidelines (national and UPM) that prohibits sexual exploitation and abuse.
- Providing information regarding steps and proper channel to report in the case of sexual exploitation and abuse.

3.1 STRATEGY

Under this initiative, there are several strategies that can be implemented by recognising the role of UPM as the employer in providing the awareness of sexual exploitation and abuse to its employees.

3.1.1 Accountability

Organisational accountability is the key to PSEA. The organisation is responsible for matters regarding complaints, support, investigation, and confidentiality. It is the responsibility of UPM to identify and review the current guidelines or the policy regarding sexual exploitation and abuse if there's any. This is to ensure that it is in-line with the UPM's overall objective of becoming a world class university.

3.1.2 Prevention

It is the role of UPM to continue to inculcate and strengthen the organisational culture of prevention and deterrence. It begins from the university's management where awareness and prevention on sexual exploitation and abuse are actively promoted through openness and sustained actions that reflect consistently on the university's core values and leadership.

3.2 APPROACH

What this training covers:

3.2.1 Mandatory PSEA Awareness, Prevention and Response Training.

The PSEA Awareness and Prevention and Response Training should be made **compulsory** to all UPM's internal stakeholders. The most ideal platform to organise this training for the new UPM staff is through the yearly *Program Transformasi Minda* (PTM) as one of the compulsory modules. This is an excellent way for the new staff to get exposure and information regarding sexual exploitation and abuse at the workplace.

The PSEA Awareness Training course also will be made available among current UPM's internal stakeholders throughout the year. The staff can get more information and knowledge regarding sexual exploitation and abuse as well as prevention and response at the workplace through a blend of lectures, group discussions, seminars, and interactive workshop activities.

The module for the training will be prepared by collaborating with the UPM Human Resource Department and Centre for Academic Development (CADE). It will be conducted every quarter of the year. There will be an open email invitation to all UPM's internal stakeholders. The training will be conducted through physical and online when necessary. Proposed topics for the module include:

- (i) Core Standard 1: Guidelines on Sexual Exploitation and Abuse
- (ii) Core Standard 2: Organizational Management and Human Resource Systems
- (iii) Core Standard 3: Protection of Sexual Exploitation & Abuse (PSEA) Awareness, Prevention and Response Training
- (iv) Core Standard 4: Reporting and Awareness
- (v) Core Standard 5: Assistance and Referrals
- (vi) Core Standard 6: Investigations

3.2.2 The PSEA Awareness, Prevention and Response Online Training / refresher campaign. Sometimes, UPM staff do not understand which behaviours are considered improper in the workplace and it is important to provide them with PSEA awareness training. Also, it is important that UPM staff can access sexual exploitation and abuse training online so that it is accessible to all. The idea of the PSEA online training is to make the sexual exploitation and abuse training more engaging and as a result, more effective. Thus, the online sexual exploitation and abuse training provides some distinct advantages including:

- (i) The ability to standardise training.
- (ii) Flexibility and control of the venues and time training is provided.
- (iii) Eliminating any bias that may occur related to the person conducting the training session.
- (iv) Provide a learning management system (LMS) to provide key ideas for the training.

3.2.3 Target Audience for the PSEA training

- (i) New and current academic staff and non-academic staff
 - Top Management group
 - Lecturers
 - Medical staff
 - Administrative staff
- (ii) New and current UPM Student
 - undergraduate
 - postgraduate

3.2.4 SEA Research and Survey

The survey will be conducted on the SEA issues by UPM's stakeholders. This can be implemented during the training and throughout the years. The data will be collected for the purpose of the improvement of training and communication efforts. Apart from measuring the level of understanding, the survey will identify the knowledge gained, attitude towards the issue, and experiences.

4. REPORTING AND AWARENESS

INTRODUCTION

This section elaborates the reporting mechanism for both staff and beneficiaries to report SEA allegations and the reporting channels, including the development and dissemination of awareness raising and reporting mechanism posters accessible to stakeholders.

4.1 Guidelines Approach

These guidelines detail how Universiti Putra Malaysia achieves its obligations and applies to all UPM Stakeholders regardless of their locations. These Guidelines are guided by the following framework principles.

4.1.1 Zero Tolerance

Universiti Putra Malaysia has zero tolerance for any forms of sexual exploitation and abuse.

4.1.2 Safeguarding

Universiti Putra Malaysia is committed to all UPM Stakeholders as outlined in the definitions as having the right to safeguarding and protection from sexual exploitation and abuse irrespective of ability, ethnicity, faith, gender, sexuality, and culture. A key principle within this is that all processes are victim led. UPM commits to victims leading the complaint process where it is possible and appropriate to do so.

4.1.3 Shared Responsibility

For these guidelines and practices to be effective in reducing the risks to beneficiaries and communities, all UPM Stakeholders must share the responsibility for implementation and improvement. As such, a failure at one level of the organisation constitutes a failure at all levels of the organisation.

4.1.4 Effective Communication

Universiti Putra Malaysia effectively communicates with all UPM Stakeholders in simple and accessible language to create a positive and accessible culture where responsibilities for PSEA are clear.

4.1.5 Confidentiality and Anonymity

Complaints can be made anonymously. Every effort will be made to maintain confidentiality throughout the complaints process. Information that identifies individuals involved in a complaint will be limited to essential personnel and will not be shared further without obtaining the informed consent of those involved, except if someone's life is at risk, a child is at risk, or as required by law in consultation with legal counsel and where safe to do so. Non-identifying information will be shared as per reporting requirements. UPM Stakeholders involved in the complaints process will be made aware of the importance of maintaining the confidentiality and may be asked to sign a confidentiality agreement. Employees who breach confidentiality may be subject to disciplinary action up to and including termination of employment, and others who work with UPM may have their relationship with UPM terminated. In some cases, such breaches may constitute breaking the law.

4.1.6 Transparency

Universiti Putra Malaysia publishes annually information on the disciplinary actions taken against its personnel, including in cases of sexual harassment, exploitation, and abuse.

Universiti Putra Malaysia also provides real-time reports on the allegations of sexual exploitation and abuse to the Investigating Committee. In addition, consolidated data on allegations and substantiated cases of sexual exploitation and abuse are published in the Info UPM.

4.2 How to report

4.2.1 Designating PSEA focal points

The main objective of a PSEA focal point is to help senior management actively prevent and respond to sexual exploitation and abuse by strengthening the PSEA guidelines implementation and supporting the development and delivery of a PSEA action plan.

The PSEA focal point role might involve:

- (i) Monitoring and oversight of the PSEA action plan

- (ii) Working in coordination with a PSEA network/other actors
- (iii) Co-leading the development/review of a PSEA guidelines
- (iv) Holding Code of Conduct briefings with emphasis on PSEA
- (v) Being the internal focal point (not investigator or case handler) for SEA complaints and concerns
- (vi) Contributing to developing and updating a guide on referrals to health and other services that SEA victims may need, in cooperation with gender-based violence and legal expertise
- (vii) Helping to ensure that PSEA is included in every plan, program activity, and donor cooperation agreement
- (viii) Serving as liaison between the organization and donors on PSEA issues
- (ix) The extent of responsibilities will vary depending on the role and whether it's focused on strengthening PSEA within a program, service, organization or group of organizations.

4.2.2 Focal Point's Contact Detail

Stakeholder	Focal Point Contact Details
UPM Staff & External Stakeholders	Seksyen Integriti, Pejabat Pendaftar
UPM Students	Seksyen Pengurusan Kebajikan Bahagian Hal Ehwal Pelajar

4.2.3 Reporting Mechanisms that are Safe and Trusted

Recognising that reporting procedures in cases of SEA are very different, Universiti Putra Malaysia will create an environment where, in both situations, individuals, communities, UPM's Stakeholders feel safe to report violations and trust that immediate and decisive action will be taken against perpetrators.

In cases of SEA, complaint mechanisms will be safe, gender-sensitive, and appropriate to the context. They will be developed in consultation with affected communities, particularly those most vulnerable, and linked to services for victims. An SEA risk assessment and a contextualised needs assessment will inform the development of new complaint channels and reinforce existing channels.

4.4 Raising Awareness, Communication and Dissemination of Information

Universiti Putra Malaysia (UPM) will prepare a communication strategy to support the dissemination and implementation of these guidelines and to raise awareness across UPM of the issue of SEA and its potential ramifications, as well as the reporting channels. The plan will include:

1. Availability of these guidelines on UPM's Internet websites at all levels of the organisation.
2. Communication materials such as flyers, posters, social media news feed, booklet, Public Service Announcement (PSA) video to inform UPM Stakeholders about these guidelines, including measures establishing focal points at all responsibility centres (PTJ) in the organisation and introducing PSEA Alert dedicated to responding to possible PSEA incidents from the complainant.
3. Communication campaign such as roadshow to inform UPM Stakeholders and in UPM programmes, and direct delivery mechanism managed by, operating in the name of, or funded by UPM.

4.5 PSEA Campaign highlights:

- (i) UPM PSEA
 - a) Organizational Management And Human Resource Systems
 - b) Sexual Exploitation & Abuse (SEA) Awareness, Prevention And Response Training
 - c) Reporting And Awareness
 - d) Assistance And Referrals
 - e) Investigations

5. ASSISTANCE AND REFERRALS

INTRODUCTION

Universiti Putra Malaysia has a system to ensure survivors of SEA receive immediate professional assistance, by referring them to the relevant service providers. These guidelines provide information on referral pathways for victims of SEA in a manner that maintains a victim-centered approach.

5.1 GUIDELINES FOR REFERRAL

- 5.1.1 All actions taken are to be guided by respect for the victim's choices, wishes, rights, and dignity. The safety of the victim is the number one priority
- 5.1.2 People have the right to choose to whom they will or will not tell their story. Maintaining confidentiality means not sharing any information to anyone. Maintaining non-discrimination means providing equal and fair treatment to anyone in need of support. Sharing available information and let the victim decide if he/she wants to access them, at any time.
- 5.1.3 The Integrity Unit can refer for PSEA support and assistance, as follows:
 - (i) Medical assistance
 - If there are any signs of injury, pain, sexual assault - immediately refer to the nearest clinic/ medical center.
 - (ii) Psychosocial support
 - If there are obvious signs of emotional and psychological trauma or behavioral changes after the abuse.
 - (iii) Police
 - If the victim wants to make a police report or if there is a safety and security risk to others.
 - (iv) Legal services
 - If the victim wishes to seek legal advice.
 - (v) The contact list for referrals for PSEA support and assistance is as per 5.2.

Garis Panduan Jawatankuasa Siasatan Dalaman (JKSD)

1. Jawatankuasa ini ditubuhkan secara pentadbiran dan bukan berdasarkan mana-mana akta atau statut. Oleh itu jawatankuasa ini tidak terikat dengan mana-mana peraturan keterangan atau prosiding ketat seperti Jawatankuasa Tatatertib atau proses mahkamah.
2. Jawatankuasa hendaklah merujuk kepada terma rujukan (bidang kuasa dan tanggungjawab) yang dilampirkan bersama surat lantikan oleh Naib Canselor.
3. Jawatankuasa hendaklah memanggil pengadu dan mana-mana saksi yang didapati relevan dengan kes yang disiasat.
4. Jawatankuasa Siasatan Dalaman hendaklah memaklumkan kepada pengadu serta saksi-saksi tentang tarikh mereka akan dipanggil berhadapan dengan Jawatankuasa, namun notis awal berkenaan kehadiran hendaklah diberi sekurang-kurangnya tiga (3) hari sebelum mesyuarat.
5. Jawatankuasa juga boleh mengambil apa-apa tindakan yang difikirkan perlu dan sesuai untuk tujuan memperolehi penjelasan lanjut.
6. Jawatankuasa hanya bertujuan mencari kesahihan aduan yang dilaporkan (facts finding) dan bukan membuat kesimpulan/ dapatkan mengenai kebersalahan atau ketidakbersalahan pegawai yang diadukan dalam surat aduan tersebut.
7. Jawatankuasa tidak sepatutnya menjelaskan butir-butir kesalahan pengadu (Sebagai contoh membacakan pertuduhan) kerana ini Jawatankuasa ini hanya bertujuan untuk mengumpul dan mendapatkan fakta kejadian.
8. Segala keterangan pengadu serta saksi-saksi hendaklah direkodkan, diminitkan dan dilampirkan bersekali dengan laporan Jawatankuasa.
9. Jawatankuasa perlu menyediakan laporan setelah selesai siasatan dan mengemukakan laporan tersebut kepada Naib Canselor.
10. Jawatankuasa sekiranya perlu akan dipanggil untuk membentangkan laporan serta hasil dapatan kepada Naib Canselor.

Mematuhi Prinsip Undang-Undang Umum

1. Pegawai yang diadu hendaklah dimaklumkan tentang butiran siasatan terhadapnya dan diberikan salinan dokumen bagi membolehkannya menjawab aduan tersebut. Tiada keterangan boleh digunakan terhadap seseorang staf melainkan staf tersebut diberi salinan dokumen atau diberi akses kepada dokumen terbabit.
2. Jawatankuasa ini tidak tertakluk kepada mana-mana prosiding dan ia tidak bersifat 'adversarial' di mana dua pihak yang berlawanan berhujah atau berdebat kes mereka di hadapan panel hakim yang berkecuali.
3. Siasatan dilakukan dengan cara memanggil pembuat laporan, saksi dan pegawai yang disiasat di hadapan jawatankuasa secara individu pada masa yang berlainan.
4. Jika terdapat percanggahan fakta atau fakta baru diperolehi maka pegawai yang disiasat atau mana-mana saksi boleh dipanggil semula untuk mengesahkan fakta tersebut.
5. Secara amnya Jawatankuasa tidak boleh mengambil kira apa-apa bukti/keterangan yang tidak diutarakan semasa prosiding atau yang disembunyikan dari pegawai yang diadu.
6. Jika pegawai yang diadu memohon masa untuk menjawab fakta baru/bukti/keterangan maka penangguhan hendaklah diberikan.
7. Untuk menjalankan tugas mencari dan mendapatkan fakta-fakta yang relevan serta menjelaskan isu-isu, Jawatankuasa ini seharusnya mengambil pendekatan penyiasatan/penyelidikan. Jawatankuasa ini boleh mencari, menyiasat, memeriksa, mernpelawa, menyoal dan menyoal balas tetapi hendaklah dilakukan dengan sedemikian cara yang tidak mengabaikan prinsip undang-undang tabii (rules of natural justice):
 - i) *rules against bias,*
 - ii) *right to be heard.*
8. Jika terdapat percanggahan keterangan Jawatankuasa hendaklah membuat pertimbangan dan memutuskan keterangan mana yang lebih dipercayai.
9. Jawatankuasa hendaklah mengemukakan cadangan atau dapatan berdasarkan keterangan atau bukti yang diperolehi kepada Naib Canselor.

KERAHSIAAN : Semua maklumat adalah diklasifikasikan sebagai “SULIT”. Semua ahli Jawatankuasa Siasatan Dalaman tidak boleh menyebarkan, mengedarkan, berkongsi atau mendedahkan apa-apa kandungan aduan atau

maklumat berkaitan siasatan serta hendaklah mematuhi prinsip kerahsiaan dan tertakluk di bawah Akta Rahsia Rasmi 1972 (Akta 88).
